THE INTERMONT GIRL

a supreme combination of friendliness,
charm, and the
highest qualities of womanhood . . .
the center of a busy whirl of classes,
campus activities,
and college life.

She *is* V. I. — and when we remember,
we will remember her. . . .

Dedicated to . . .

The one who keeps everything running smoothly

Who makes sure our campus is always neat and pretty

Who patiently listens to our complaints and promptly repairs
the source of them

And who gives of his time freely and earnestly for the better-
ment of our environment and insurance of our happiness

We, the Senior Class of 1959, with sincere appreciation,
dedicate the 1959 INTERMONT to Mr. Roberts.

Mr. Roberts

ADMINISTRATION AND FACULTY

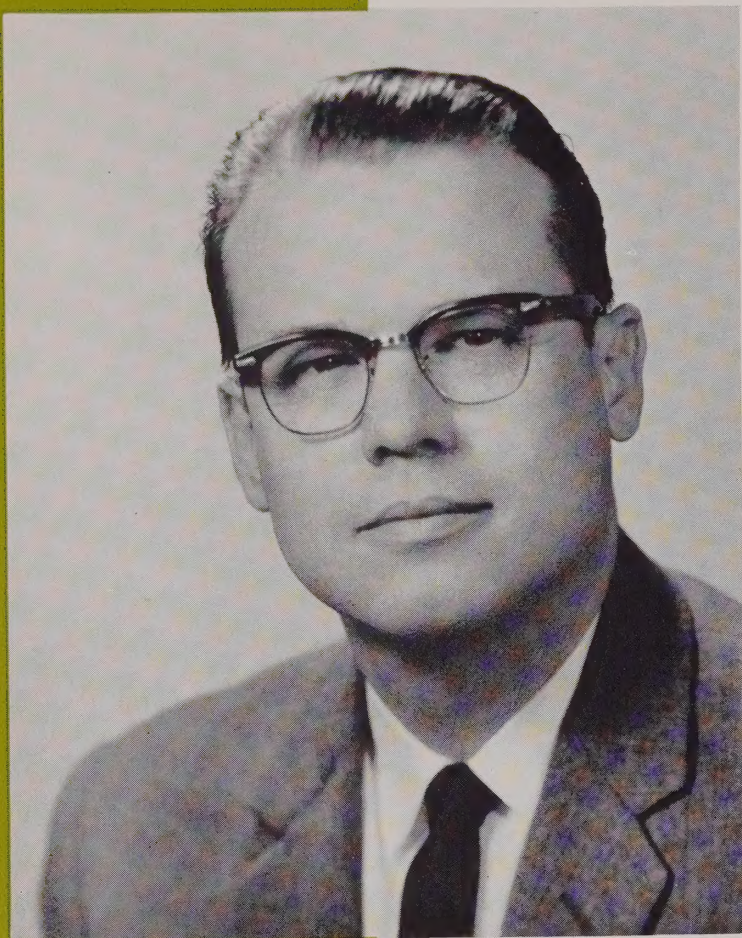

Dr. Floyd V. Turner

Although DR. FLOYD V. TURNER has been a part of V.I. for only three years, he symbolizes the best and highest qualities that Intermont has to offer. His interest in every girl and in the college as a whole is apparent to everyone who comes in contact with him. This fact has been emphasized by the development of the new Student Activities Building for which he was largely responsible.

Dr. Turner's casual, informal manner immediately endears him to every girl, for she finds in him a true friend.

Dr. Turner received his A.B. degree and M.A. degree from the University of Kansas City; he then obtained his Ed.D. degree from George Peabody College in Nashville. Before coming to Intermont he was Academic Dean at Belmont College in Nashville, Tennessee.

Dr. Turner's many interests include serving his church, community, and the college, not to mention his charming wife and two children.

MR. CARL E. TODD has a warm, sincere smile for each person he meets; with his calm reasoning and deep individual interest, he manages to clear up the most "tangled" of schedules. He is Academic Dean, Chairman of the Curriculum Committee, Dean of the faculty, Registrar, as well as a Deacon of the church. He has his Master of Education Degree and is particularly interested in English and Psychology. Before coming to V.I. two years ago, Dean Todd was a writer for Montgomery Air University and had gained wide experience in the teaching field. He is still with the Air Force Reserves and is vitally interested in America's development.

After a full day's work at college, Dean Todd finds relaxation with his active sons — Jerry, Walter, and Richard—and in helping Mrs. Todd with the dishes.

Acknowledging the Almighty's presence, Dean Todd is held in high esteem by every student and member of the administrative staff.

New on the V.I. campus, but by no means new to Bristol schools, is MISS LOUISE BREWER, our Dean of Women. She earned her B.S. at Longwood College, where she majored in English. Miss Brewer has taught both English and history in the Bristol public school system.

She is interested in dramatics, her favorite author being Shakespeare. For a few years, she directed the "Little Theater Guild" and has narrated for the beautiful "Dogwood Festivals." Dean Brewer has also had a daily radio program entitled "Women in the News."

Virginia Intermont is proud to have Miss Brewer as the Dean of Women and extends its sincere congratulations to her for doing her difficult job so well.

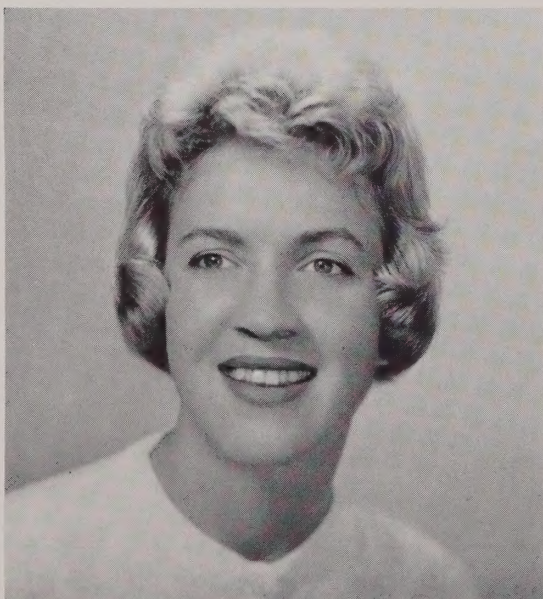

As Director of Admissions at V.I., MRS. MARGARET B. CRUMLEY has done an outstanding job. Needless to say her wisdom and understanding have lifted many a problem from the shoulders of students during their years here. Although kept very busy, she always has time to talk to students and to help them with their problems.

Mrs. Crumley came to V.I. as a student in 1931 and, with the exception of seven years, has been with the school ever since. Now married, her interests outside of Inter mont lie in her home and in her two children.

Our faithful and helpful Director of Religious Activities, MISS ERIS ANDERSON has a task that is not an easy one. However, with unfailing interest and devotion she plans and directs the religious activities keeping the welfare of every girl at heart.

Miss Anderson shows a great interest in both the Y.W.A. and the Religious Planning Board. Her other interests include sports, travel, and reading. Miss Anderson received her B.S. degree from Tennessee Polytechnic Institute and her M.R.E. from Southwestern Baptist Theological Seminary.

Social life at Virginia Intermont has been made more pleasant and exciting by the capable direction of MISS BARBARA FROGGE, new Director of Student Activities. Since coming to V.I. last fall, Miss Frogge has shown an unceasing interest in every girl, and has proven a friend to all.

Aside from her charming attributes and faithfulness to her job, Miss Frogge is also very talented. She received her M.A. degree in music with a certificate in piano at George Peabody College in Nashville, Tennessee.

MRS. REES RUSSELL, Assistant to the Dean of Women, has been an asset to V.I.'s campus for the past two years. She received her Bachelor of Fine Arts degree at William and Mary, and has done two years of graduate work at R.P.I.

Mrs. Russell's "pet projects" are her husband and their three children: Vivian, 6; Ava, 15; and Rees, 12. She enjoys fishing, swimming, family picnics, and almost any other outdoor activities. She also sews—not as a hobby, though but as a necessity for a growing family.

MRS. CLAUDE NASH, Alumnae secretary since January, has been with V.I. for three years. During that time she taught junior and senior high school English and American History. An alumna of Grove City College in Pennsylvania, she has a daughter at William and Mary and a son at the University of North Carolina. Mrs. Nash enjoys reading biographies and poetry, listening to classical records, cooking, and young people. The graduating class will keep V.I. informed as to its many activities through this wonderful and capable lady.

V.I. simply would not be V.I. without the wonderful Business Manager, MR. S. O. SNODGRASS. He has been with V.I. for sixteen years and with his droll sense of humor, understanding, and willingness to lend a helping hand, has become a vital part of V.I.'s history.

His long talks at Song Contest, which hold the audience in suspense as to who won, have become famous. He not only takes care of the college finances, but he also helps in an infinite number of other ways, ranging from finding someone's lost trunk to giving fatherly advice.

One of the best-known and best-loved figures on the V.I. campus is MR. JOHN ATWOOD, teacher of voice, harmony, and director of the chorus. He obtained his Bachelor's degree at Houghton College and his Master's at Oberlin Conservatory; he then did further study at the Berkshire Music Center and the University of Denver. When asked his interests, his immediate answer was his family, to which there is soon to be an addition.

MR. RICHARD D. BEATY teaches History of the Theatre, Acting, Directing, and Oral interpretation. Aside from being co-sponsor of the Curry Club, his main interests include the theatre, travel, politics, and music. Mr. Beaty has acted in thirty-five plays including "Death of a Salesman" and "Othello." He attended Richmond Professional Institute, a division of the College of William and Mary, where he obtained his B.F.A. degree. He also attended Boston University and received his M.F.A. degree. Mr. Beaty is a newcomer to the campus this year. He came to Virginia Interment from the Pittsburgh Playhouse School of the Theatre.

FRANCES ELLER, a teacher of piano, organ and music history, has her B.M. from the College of Music of Cincinnati. When not playing the organ at church, she enjoys traveling and gardening.

Next there is our instructor of ballet, MISS CONSTANCE HARDINGE. Miss Hardinge was educated in England where she received a degree in dance education and title of Ballet Master. She conducts The Constance Hardinge School of Ballet here in Bristol. She is a certified member of the National Academy of Ballet and a member of the Imperial Society of Teachers of Dancing in London, England. Miss Hardinge has little time for relaxation or time off from her busy schedule, but when she does, she enjoys camping, swimming and classical music.

MRS. LUTHER HODGE, an important member of the Art Department, teaches the commercial arts. She has attended Sullins, Columbia University, George Peabody College, and the New York School of Fine and Applied Arts. As well as being devoted to teaching, Mrs. Hodge enjoys her grandchildren, her flowers, cooking, and also painting landscapes and red barns.

MISS ROSA RAY KAHN, the new head of the Art Department, joined us in December of 1958. She has studied at Northwestern University, Memphis State University, the Memphis Academy of Arts where she earned her B.F.A. degree, Colorado Springs Art Center, and the Kansas City Art Institute. A professional painter and sculptress, Miss Kahn has had many one-man showings, has had her work published in military text books, and has also taught for several years. Aside from art, she is interested in music and enjoys swimming and other outdoor sports.

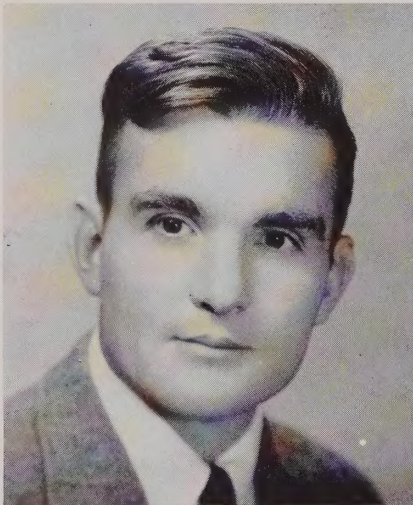

MR. RICHARD MAY, head of the Speech Department, is a new-comer to V. I. A graduate of Franklin College, he is now working for his doctorate at Indiana University. When not at work on a project of his classes, he enjoys bridge, model railroading, drama, and music.

MRS. ANNA CANTWELL, a teacher of Home Management, received her B. S. at Madison College. Her chief interests are handweaving, bird watching, teaching Sunday School, and, of course, getting settled in her new home.

MR. RALPH OSTHOFF, head of the Music Department, teaches piano, sight-singing, and ear-training. A graduate of the Kansas City Conservatory of Music, he has also studied in Europe. Traveling is admittedly his favorite spare-time activity, and this summer will find him back in Europe.

honor. She is expected to carry that ideal with her into her classrooms, her social life, and her activities.

The judicial body which enforces the Honor System is the Honor Council. It is composed of the Academic Dean, the Dean of Women, five faculty members, the junior and senior class presidents, another senior, and the Student Government president. MOLLY CAHILL

MABEL CHANG

Junior Torchbearers

JUDY ANDERSON

Cute, vivacious Judy has already shown her ability for leadership as President of the H2O Club. Her friendly personality and winning smile, combined with her willingness to please, have made her very well-liked by everyone.

MOLLY CAHILL

The typical college girl—that's Molly. Her friendliness and charming, easy-going manner have made her well-known and liked all over campus. She has constantly been dependable, and usually outstanding, in many activities this year.

MABLE CHANG

Mable is the perfection of Oriental charm. She is interested in everyone and everything, always eager to help, and willing and able to lead. She has talent, too, as all who have heard her sing well know.

BETTY LEE

Shining eyes and black curly hair distinguish Betty Lee. She is always bubbling over with energy and determination which enable her to do anything well, athletically, spiritually or otherwise.

ROBERTA OLDHAM

Sparkling Roberta is pure southern charm in a small package. She will always be remembered for her spirited leadership as the first President of the Junior Class, and her success in uniting the class when it needed it most.

MARY JO WILLIAMSON

Mary Jo's warm smile and cheery "hi" are known to every student. She has distinguished herself in many activities through her willingness to co-operate, work, or lead. She is loyal and energetic, too, all of which explain why she is so successful in all that she does.

DEPARTMENTAL ACTIVITIES

Fine Arts Department

The influence of V. I.'s Art Department, headed by Miss Rosa Ray Kahn, is seen all over campus. The girls learn to work in various media and to express their feelings creatively in the studio. This knowledge benefits everyone, for the girls help in decorating for dances and this year did the scenery for the water pageant. Exhibits during the year display the students' work; an excellent job was done in designing a cover for the Junior College Journal.

Carole was one of many willing workers for the H₂O show.

Mr. Cooke's exhibits are of interest to all.

A proud class shows its efforts.

Mobiles were but one of the department's projects.

Judy proudly displays her H₂O poster.

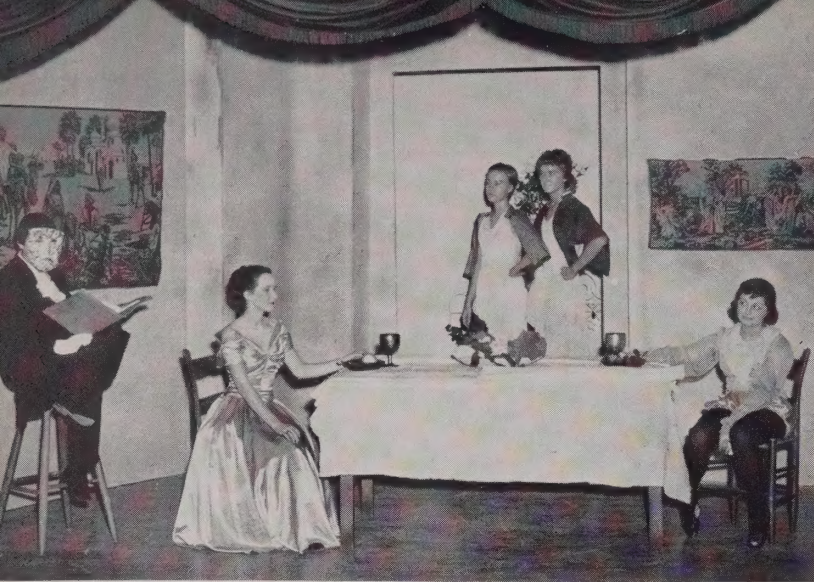

Here are seen but a few of the many different projects made by the art classes. Students can either major in art, thereby gaining a fuller knowledge of their creative abilities, or can choose one art course for their personal enjoyment rather than a career.

Helping hands put up the Everyday Art exhibit.

Michael shows off her project to interested onlookers.

The one-act plays had something for all.

Toni has everyone wondering about Herbert.

Now here's an action-packed scene!

Drama and Speech Department

The head of the Drama Department is Mr. Richard D. Beaty. The purpose of this department is to teach courses in acting, directing, history of the theatre, and production. The courses taught are History of the Theatre, Acting, Directing, and Oral Interpretation. The main activity of the department is the production and presentation of plays.

The Speech Department is certainly one of the most active on the campus. This year it sponsored the Oratorical Contest on campus and the Debate Team, which debated with King College and other schools. During the year, girls from

TV productions are among the projects.

this department worked at the Bristol Speech and Hearing Center. Since speech is so necessary in every phase of life, this department strives to perfect the individual's ability to communicate, to socialize, and to remove impediments.

Judy displayed her talents at her Senior recital.

Music Department

Intermont has good reason to be proud of its Music Department. It is a member of the National Association of Music Schools and has the Alpha Beta Chapter of Phi Beta, a national music fraternity. It gives detailed instruction in piano,

organ, voice, music theory, and the history of music. Students in this department perform in formal and informal recitals during the year. The chorus gives several concerts during the year, and has been instrumental in getting other glee clubs to appear.

Practice makes perfect.

"Let's try it once more."

The entire Music Department assists with entertainment for May Day. Last year the operetta Hansel and Gretel was presented for the enjoyment of the Court and the spectators.

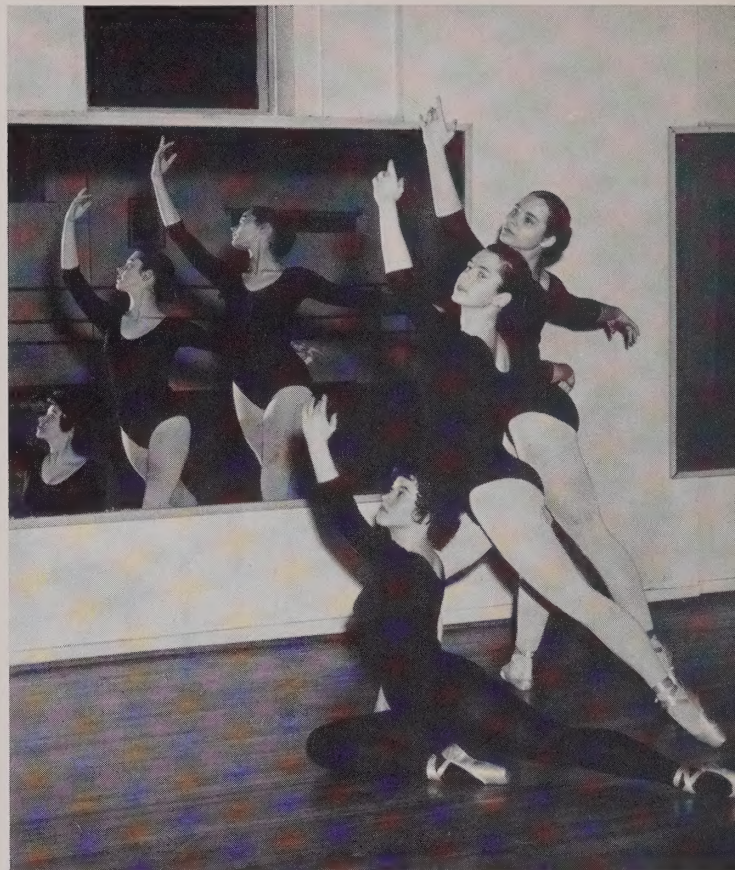

Well done, Ilona.

The chorus entertained at home and away.

Ballet Department

Miss Constance Hardinge of The Constance Hardinge School of Ballet teaches ballet to Virginia Intermont students at her studio. Classes are open to students in all phases of ballet. Miss Hardinge is one of the most capable instructors of ballet in the area.

Our three ballet dancers display their talents.

Melba and Mary execute one of their graceful steps.

Success means a lot of hard work.

Language Department

The Language Department at Virginia Intermont is headed by Mr. C. Ernest Cooke, professor of English Literature and Art History. It offers courses in English, French, and Spanish. French students may join Le Cercle Francais, a club which strives to make this language a part of their everyday lives as well as their studies. To celebrate the Christmas season this year, the French and Spanish students presented a chapel program which included carols in both languages, thereby illustrating the customs of other countries.

Mittye, Yvonne, and Iris look over Mr. Cooke's exhibit.

V.I. girls are fortunate to have so much art at their finger tips.

Something new this year was our debate with Emory and Henry.

Home Economics Department

The Home Economics Department, under the supervision of Miss Dora Miller, has as its main purpose training girls in homemaking and making possible a better way of living. The achievements of each student are put on display at the completion of the foods course when each girl serves a dinner to show her ability to plan, prepare, and serve a meal properly.

Aside from getting practical training in the art of home management, the students sponsor an annual spring fashion show and are members of the Home Economics Club. This club has as its special project sending gifts to the Janie Hammitt Home. The Department also offers courses in Home Management, Textiles and Clothing, and Foods and Nutrition.

Jo Ann and Carole are keeping up with the latest styles.

Nancy and Betty learn how to sew a fancy seam.

What's in the oven, girls?

Everyone enjoys the department's teas and luncheons.

What a time-saver!

Secretarial Department

The purpose of the Secretarial Department is to train secretaries and to give them the necessary cultural background at the same time. Secretarial majors have classes in Accounting, Business Correspondence, Shorthand, Filing, Typing, Economics, Office Practice, and Business Law. Besides the regular secretarial courses, the girls are urged to take as many Liberal Arts courses as possible. This year for the first time the honor secretarial students are eligible for membership in Phi Theta Kappa. Miss Mary Lou Smith is the head of this department.

For those students desiring a specialized secretarial course, the college offers a Medical Secretarial Course. Among the other necessary secretarial subjects, the students have practical experience working in the local doctors' offices.

The secretaries of tomorrow are learning today.

Here we see the different office machines.

Nursing Department

This year, the Virginia Intermont School of Nursing, which was established in 1955, has been under the capable supervision of Mrs. Marilyn Mauk. The nursing program is completed by the students in two years. Most of their nursing ex-

perience and knowledge is received at the Bristol Memorial Hospital. On the college campus the girls take academic courses correlating with the nursing course. The students attend two nine-month periods at the college plus summer sessions of six to eight weeks duration. Upon completion of the program, the girls receive an Associate of Arts degree from the college; and the following October they are eligible to take the Virginia State Board Examinations for their R. N.

What do you see in there, girls?

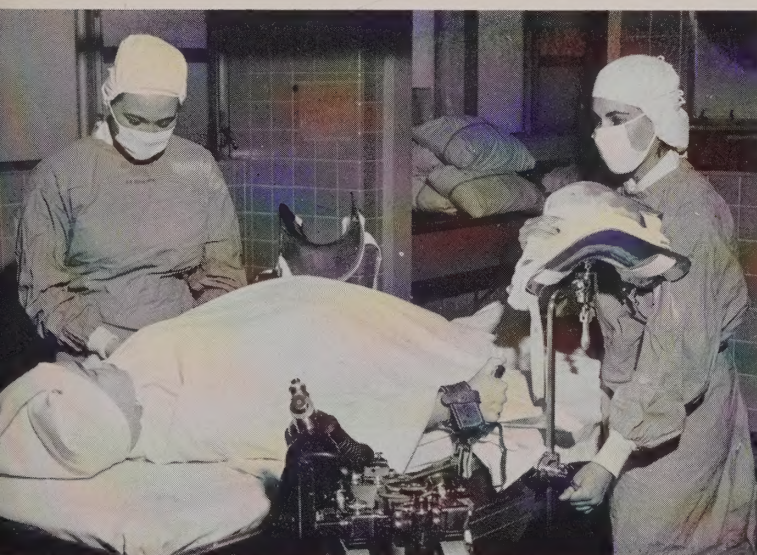

Can you get it, Leone?

Don't burn your fingers, Ilona!

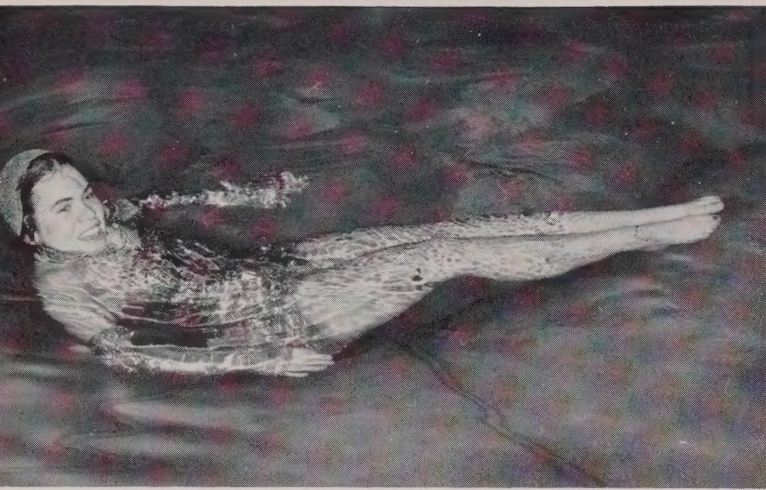

Brizzy, watch what you're doing!

Learning how to use anesthetics is important.

Sandy and Jo Nell wheel a patient back.

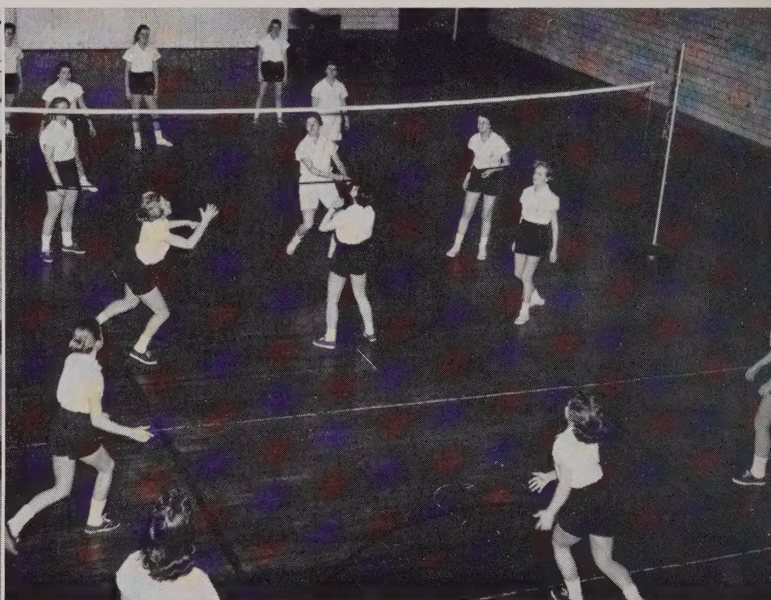

Judy's solo was a highlight of the show.

Physical Education Department

The head of the Physical Education Department is Mrs. R. E. Diddle. She is assisted by Miss Dorthye Harlow and Mrs. Don Smith. The department endeavors to provide for the student activities which are "physically wholesome, mentally stimulating and satisfying, and socially sound." A major aim of the department is to teach games and sports which enable the student to use her leisure time wisely. Courses taught in physical education are individual and team sports, social and folk dancing, and general physical improvement. The department sponsors the annual Song Contest and Intramurals.

Badminton is only one of many sports we enjoyed.

Sue really whammed that ball over the net.

In many courses of education a student may often question whether she will ever benefit from what she has learned. This is one department in which the answer is a decided "yes." No matter how well a girl swims, or thinks she swims, it is always possible to know a little more. In Beginners' Swimming the student becomes physically and mentally adjusted to the idea, and in Intermediate and Advanced Swimming she learns many strokes, diving, and basic lifesaving. There are also more advanced courses in lifesaving and instructing. Mrs. Don Smith heads the Swimming Department. She also sponsors the H₂O Club, which presents the annual water pageant. Participants in the water pageant are usually from the swimming classes.

Get that point!

Hope nobody slips.

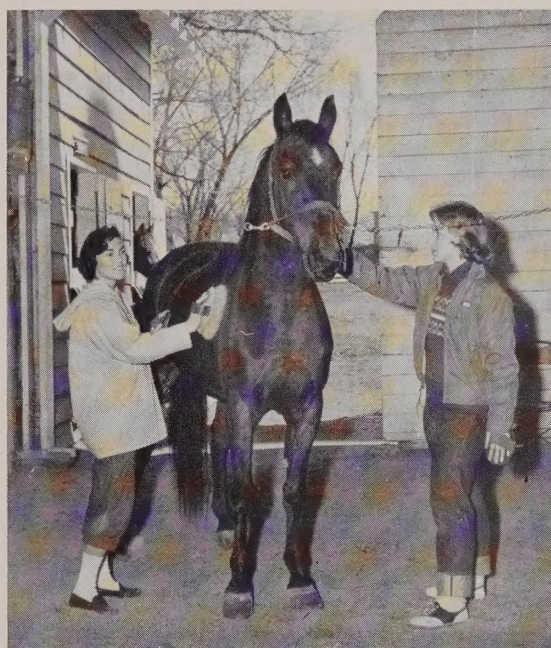

Spring brings out our tennis enthusiasts.

Hit a home run, Jane!

Among the activities of the Equitation Department, headed by Miss Dorthye Harlow, is the annual Horse Show in May. This show is sponsored by the Boots and Saddle Club, and gives every riding student an opportunity to participate. During classes in riding, students learn the fundamentals of good horsemanship, how to handle horses, and improved techniques.

We can't forget good grooming!

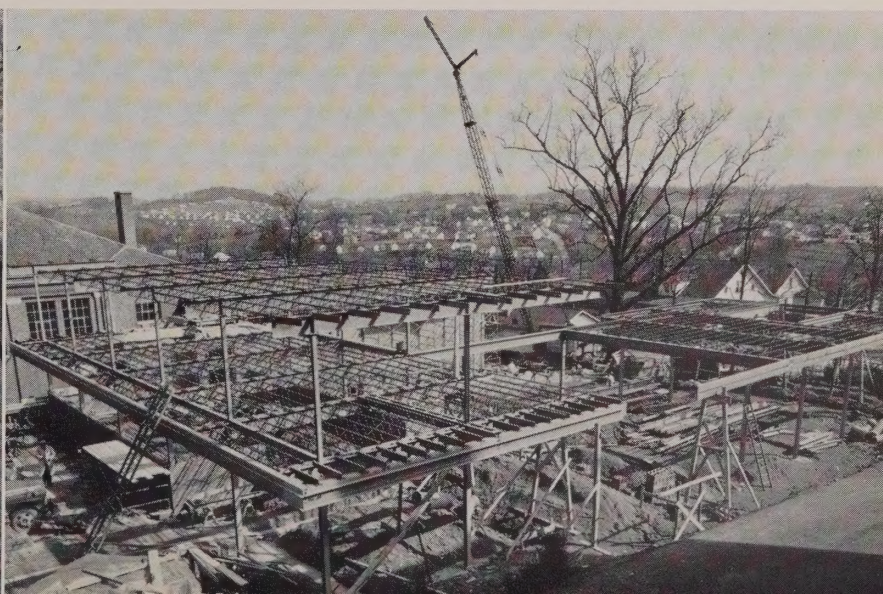

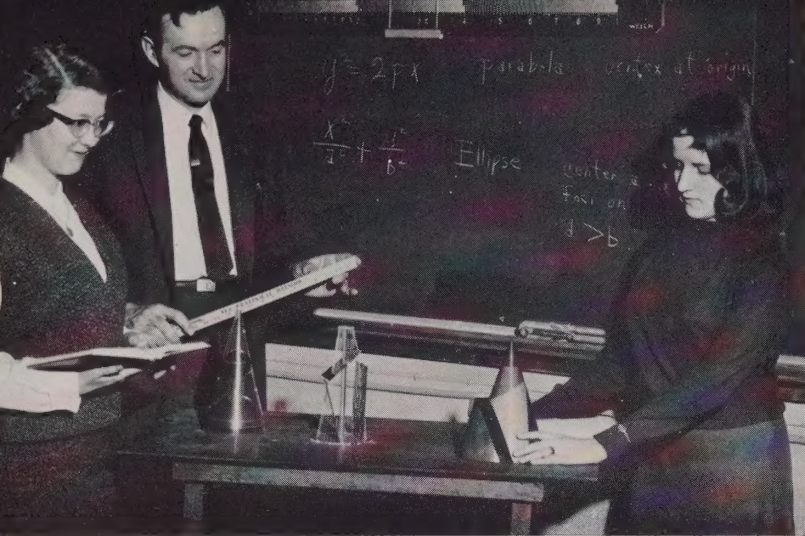

How about trotting around the ring?

Hope they hit the bullseye!

Our new Student Union Building will be of benefit to all.

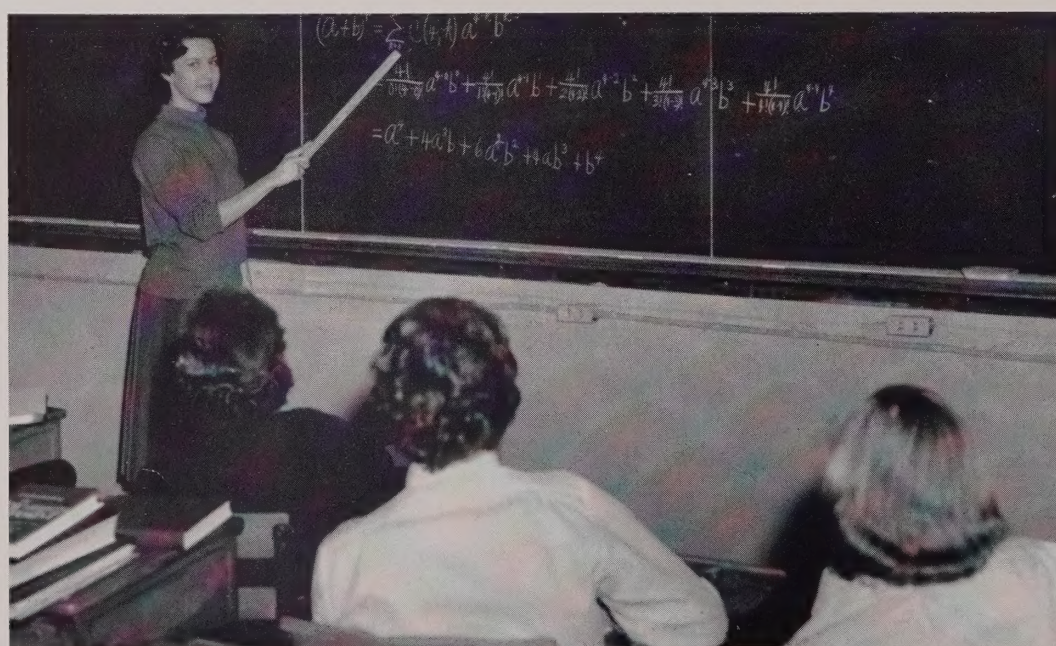

Anne and Marcia are eager math students.

Looks like everyone enjoys trigonometry class.

Evelyn explains a fine point in algebra.

Mathematics Department

The Mathematics Department, headed by Mr. W. G. Buckner, offers courses which meet the curriculum requirements of students in liberal arts and professional fields. Mathematics and science majors, as well as other interested students, find a solid foundation for continued study in senior colleges and universities. Courses include college algebra, trigonometry, analytic geometry, and calculus.

Science Department

Headed by Dr. S. J. Marion, the Science Department is one of the most active on campus. Chemistry, Microbiology, and Botany are but a few of the courses offered. The purpose of the department is to acquaint the girls with the chemistry of the world in which they live and how it affects their lives.

Mr. Buckner looks on while Anne and Marcia discover something new.

Marcia's taking some time out for small talk!

Within the maze of bottles are students eager to learn.

Dear Mr. Cooke:

Under separate cover I am returning the photographs to you. I apologize for being so delinquent in sending them to you, but during this time of year we are very busy with many contests and I try to return the photographs as quickly as I can. I do hope this has not caused you too much inconvenience.

The decision was a difficult one to make as all the contestants were lovely. However, based on natural beauty and apparent poise we selected seven girls. On the back of the photographs I have written seven numbers, but not in any particular order, as Mr. Powers just selected the seven girls whom he felt possessed natural beauty and apparent poise.

If there is anything further I can do in regard to the completion of your School Annual please do not hesitate to ask me. We wish the seven finalists every success and best wishes to everyone.

Sincerely,

Barbara Denney
